House Sitting Reference: Kimberly Martin

It is with great pleasure that we are able to provide a reference for Kimberly.

This was our first experience of having a house sitter while we went on holiday, and we couldn't have asked for a better introduction to housesitting than Kimberly. From the beginning she was very capable and well organised from making the initial arrangements to keeping us informed whilst we were away.

Kimberly is a lovely woman with an engaging manner, where nothing was too much trouble. While we were away, we received regular friendly updates about the house and our pet, a six month old ragdoll kitten, 'Buddy'.

On our return, we found the house and garden had been well cared for. Buddy and Kimberly had bonded in fact it took some time for him to adjust to life without Kimberly.

If Kimberly is available to housesit when we are next on holidays we would happily have her back, and we would have no hesitation in recommending her to others. Thanks Kimberly.
