

Downer, ACT

July 2016

To Whom It May Concern:

Kimberly Martin stayed in our home for a 16-day period in June/July 2016. This included looking after our home, our two cocker-spaniels and our budgie.

Kimberly provided us with regular updates on how things were going (including photos of our pooches), and didn't hesitate to ask questions via email along the way. She regularly walked the dogs despite the cooler weather that Canberra provides in winter. On our return we found our home very clean and tidy and our pets well looked after. Kimberly really treated our home as her own.

We would highly recommend Kimberly to anybody looking for an excellent house sitter and would have no hesitation in seeking her assistance again in the future.
