To whom it may concern,

Kimberly Martin cared for our home and much adored Miniature Schnauzer starting on December 26, 2016 until January 26, 2017. We were very satisfied with the care that Kimberly took of both our home and our pet.

Kimberly is clearly an animal lover and she kept us up-to-date with regular photographs of our dog and information about where she was taking him on walks.

We came home to a happy dog, who had clearly bonded with Kimberly and a clean house with everything in order.

We would not hesitate to ask Kimberly to house sit for us again.

Sincerely,

Shirley Wilson
