

October 22nd 2016

Kimberly looked after our 2 mischievous chihuahuas and 2 cats whilst we were on holidays overseas for almost 1 month. When we were able to use free WIFI we were so happy to receive messages and photos Kimberly sent of our furry family. Some of the pics were quite funny.

Kimberly was kind enough to drive us to the train station and picked us up on our return which saved us taking a bus or taxi home.

When we returned the 2 dogs were quite happy and preferred to sleep with Kimberly on her last night with us and the cats were content.

Thank you Kimberly for taking care of the house and caring for our pets. We could tell they loved you to bits.

Kind regards
