**To Whom It May Concern,**

We went on our holiday from 4th August, 2016 to 8th September, 2016 on a trip to Europe. We have a dog and a cat, who are like our children and are incredibly important to us and as such aimed to find nothing but the best person to spend the 5 weeks we were away with them.

We searched online for a potential animal & house sitter, and came across Kimberly. After a few messages back and forth and a discussion over the phone, we felt that Kimberly would perfect to look after our animals.

It was obvious from the moment Kimberly met Zoe & Zara that she had a true love for animals, and was sincere and trustworthy. We immediately felt at ease with her and could see that the animals and her hit it off right away as they both took an immediate liking to her.

During our time overseas, Kimberly kept in contact with us, updating us on how they were doing and what they were getting up to. It gave us such peace of mind being connected to home and hearing that they were being their normal selves. Kimberly sent us pictures and went out of her way to get the animals special treats to make them more comfortable.

When we got home after our holiday, Kimberly had the house in perfect shape and we were pleased to see the animals relaxed and happy when we arrived. Kimberly not only looked after our animals, but built a strong relationship with them and allowed us to relax on our holiday knowing that a person that truly cared was looking after them.

If you have any enquiries or would like to discuss the house sit, please do not hesitate to contact us via email or on (number given on request).

Yours sincerely,

Claude and Danni
